Source Code / AI Data ZIP

The companion file STPby3S_Judges_Package.zip contains:

- README.md — overview and how to navigate the package
- JUDGES_DEMO_INSTRUCTIONS.md — step-by-step demo script for judges, including fallback if GPS or network fail
- AI_USAGE_DISCLOSURE.md — complete list of AI tools used, what they were used for, and how outputs were reviewed
- DATASET_NOTES.md — structure of the Google Sheets database (164 waste types, 3,186 special points, 34,824 common points, 218 chunks, 24 territories), including coordinate-locale handling
- ARCHITECTURE.md — the 5-screen app architecture and the data loading strategy
- LESSONS_LEARNED.md — the twenty-six runtime lessons accumulated during development
- RESOURCES.md — full resources list (mirror of section 5)
